

Teresa S. Schlichting, Principal

Brittni Molstead, Associate Principal

Dear Lincoln Families,

This next week we begin our voluntary continuous learning online or learning by receiving paper packets through the mail (if requested). Please remember this learning experience is new for everyone- students, teachers, and school administrators. Most importantly, we want you to know this should be a low key, low stress experience as we know your families have many other things in life to figure out as well.

Please enjoy this video as we head into a weekend and continue to miss our students- [Lincoln Staff Video #2](#).

**These are important things for you to know right now:**

- 1) For eLearning, using school Chromebooks or a home device, a web link will be emailed to students and families on Monday, April 13th.
- 2) For eLearning work, your Lincoln student should spend about 25 minutes on **one activity** they choose AND 20 minutes reading.
- 3) If your child needs help with their school activities, you can always contact your child's teacher using this link to the [Lincoln Directory](#) (this is also found at the top of your student's grade appropriate activity page)

**Student Technology Help Desk- Going "LIVE" on Monday**

- If there is an issue with your Chromebook or Account Login, please fill out the form located under 'Technology Resources' on the Mason City Learning Website.
- Issues with curriculum, Google Classroom, submitting assignments, etc... Please contact your teacher.

If you would prefer paper packets instead of online learning these must be requested by calling the school at **641-421-4423**.

**Please leave a message with the following information:**

**Student Name****Parent Name****Most recent home address****Best number to call you back on****Question or Need****We will call you back as soon as possible.**

Sincerely,

Teresa S. Schlichting
